

Coulsdon C of E Primary School

SEND Policy

The ethos of this school is to enable every child to learn and develop in a Christian environment. We ask all parents of whatever faith applying for a place here to recognise and support this ethos and its importance to the school.

Together, growing in mind, body and spirit

Approved September 2025

Next Review September 2026

or sooner if required

Policy for Children with Special Educational Needs and Disabilities

Coulsdon C of E Primary School is committed to safeguarding and promoting the welfare of all its pupils. The Governors expect all staff and volunteers to share this commitment by demonstrating their understanding of how each individual adult working on behalf of the school has an active part to play in protecting the children from harm and promoting their welfare.

Coulsdon C of E Primary School SEND Policy

This SEND policy is a key document to support the finest inclusive practice in our school.

It outlines our statutory responsibilities and approaches to ensure that all pupils including those with SEND can achieve their potential possible learning outcomes and engage successfully in all aspects of the wider school community.

This policy was developed in consultation with our SEND Governors and our SENCO cluster. It complies with the statutory requirements and guidance set out in relevant legislation and documents. The policy is available on our website or hard copies are available from the school office.

Our Special Educational Needs and disability Coordinator (SENDCo) takes overall responsibility for the operation of this policy and coordinating specific provision for pupils receiving SEND support. Our SENDCo also contributes to the strategic development of SEND provision.

Our **SENDCO** is **Mrs Kirsty Wyatt**. Our **Inclusion Manager** is **Mr Paul Garratty - Headteacher**. They can be contacted via email through the school office.

Email address: office@ccofe.uk

The SENDCO is a qualified teacher who has completed the National Award in Special Educational Needs Coordination.

Section 1: Our values and vision in relation to SEND provision

At Coulsdon C of E we aim to motivate and encourage all children to reach their full potential, spiritually, intellectually, emotionally, socially and physically. We recognise that an appreciation of each child's strengths can enable the individual to feel valued, and we are aware of the importance of giving all children equal opportunities. We focus on the outcomes for children with SEND and tailor our provision to meet these.

Our policies and principles build on developing:

- The views, wishes and feelings of the child or young person and the child's parents/carers
- The importance of the child or young person and the child's parents/carers, participating as fully as possible in decisions, and being provided with the information and support necessary to enable participation in those decisions
- The need to support the child or young person, and their parents/carers in order to facilitate the development of the child or young person and to help them achieve the best possible educational outcomes, preparing them effectively for adulthood.

Aims of this policy:

The aims of our policy are:

- To ensure that responsibility for provision for pupils with SEND remains an integral part of the whole school provision
- To ensure that children and young people with SEND can engage successfully in all school activities alongside pupils who do not have SEND, including making reasonable adjustments for those pupils with a disability so that they have good access to the curriculum and wider school learning environment
- To work in close partnership with parents/carers, local authorities and other key agencies so that the needs and strengths of each pupil with SEND are fully understood and there is a collaborative and coordinated approach to planning and reviewing any provision
- To ensure a high level of staff expertise to meet pupils' needs through universal and targeted training/continued professional development
- To promote independence and resilience in pupils with SEND so that they are well prepared for transition to adulthood.

Section 2: Admissions Arrangements for pupils with SEND.

The school's admission arrangements are set out in the school Admissions Policy and make it clear that the school will not discriminate or disadvantage pupils with a disability or SEND.

The SEND Code of Practice requires a school to admit all pupils who have a Statement of Special Educational Need or Education Health and Care Plan where it has been requested by parents/carers as their school preference and named by the Local Authority (LA).

The LA must comply with this request and name the school in the Statement/EHC plan unless:

- it would be unsuitable for the age, ability, aptitude or SEN of the child or
- the attendance of the inclusion of the child would be incompatible with the efficient education of others at the school or the efficient use of resources.

Our school will liaise closely with the Croydon SEND team to ensure that any decisions on placement and provision for a pupil with a Education Health and Care Plan are in the best interests of each child and the wider school community.

The SENDCo in collaboration with parents/carers and other key agencies will ensure appropriate provision is in place to support pupils with SEND entering the school (See Section 6: Transition)

Section 3: Identifying Special Educational Needs

The school uses the definition of SEN and disability as set out in the SEND code of practice and Equality Act 2010 (Appendix 2)

We recognise the importance of early identification and aim to ensure that robust measures are in place to highlight children who are falling behind or who are facing difficulties with any aspect of learning or social development at the earliest opportunity.

This process of early identification is supported by:

- Review of skills and attainment when pupils join the school, taking into account information from any previous settings or agencies and families as appropriate
- Termly tracking of all pupils to monitor progress and attainment compared to age related expectations
- Concerns raised directly by parents/carers or other agencies

As well as progress in core subject areas, progress in other areas will also be considered including social and emotional development and communication skills.

In determining whether a pupil may have SEND, consideration will also be given to other factors which may be affecting achievement including;

- Attendance
- English as an additional language
- Family circumstances
- Economic disadvantage

The school acknowledges that consideration of these factors will be particularly important when a child is displaying challenging behaviour or becoming isolated and withdrawn. Such

behaviours can often mask an unmet need and further assessments will be undertaken to determine any underlying factors affecting behaviour which may not be SEND.

Before deciding that a pupil requires additional SEND support the SENDCO and class teacher will review current arrangements to meet the child's needs within daily class teaching and consider any further modifications and adaptations that should be put in place to support good progress. The class teacher will also seek the views of pupils and their families about barriers to learning.

Section 4: Meeting the needs of pupils with SEND.

When it is evident that a pupil will require higher levels and more tailored support than is available from everyday teaching we will offer **Additional SEND Support**.

Parents will be formally notified that their child will receive this additional support and placed on the **SEND register** where his/her progress and provision can be monitored more closely and reviewed on a regular basis.

The SEND Register

The register provides an updated record of all pupils receiving additional SEND support so that:

- progress and achievements of individual pupils with SEND can be closely scrutinised and provision reviewed to ensure that provision is making an impact and helping to overcome difficulties
- here is an overview of the range and level of need across the school
- school provision reflects and is responsive to current profile of need
- effectiveness of whole school provision can be evaluated and emerging trends across different year groups or subject areas can be identified and addressed.

Once identified as requiring additional SEND support, pupils will receive a tailored package of support to target key areas of difficulty.

This will be managed through a four-part cycle of assessment, planning, intervention and review. This cycle is known as the **Graduated Response** and follows the model described in the SEND Code of Practice. It will enable a growing understanding of the pupils' strengths and barriers to learning. It will ensure that any additional provision is closely matched and will support progress towards short and long term targets and outcomes.

Depending on the needs and progress of each pupil, successive cycles may draw on more detailed approaches, more frequent review and referral and input from external agencies.

The Graduated Response:

ASSESS:

Once identified as requiring additional SEND support a more detailed assessment of the pupil's needs will be carried out. This will include further discussions with parents and, when appropriate, the pupil. It may draw on assessments and reports from external agencies involved with the pupil such as speech and language therapist. The SENDCO/Inclusion Manager may also carry out more diagnostic assessments of needs in key areas of difficulties.

Each pupil's difficulties will be considered against the four broad areas of needs:

1. Communication and interaction
2. Cognition and learning
3. Social, emotional and mental health difficulties
4. Sensory and/or physical needs

The school recognises that it is highly likely that the needs of individual pupils will overlap across one or more of these areas of need or that needs may change over time.

This comprehensive assessment will give a detailed picture of each child's strengths and special educational needs.

PLAN:

The school will use the information from the assessment to draw up a plan to outline the support that will be offered. The plan will:

- Be outcome focused where the desired benefit or difference from any intervention is clearly identified and matched to need.
- Detail the range of additional interventions and approaches that will be made available to support progress towards these outcomes
- Highlight the ways parents/carers and pupils can work in partnership with the school to support progress towards targets and outcomes.
- Give details of the role and input of external agencies when they are involved with a pupil

This plan will be recorded on provision maps and individual support plans.

This plan is shared with all key teachers and support staff so that they are fully aware of the outcomes sought, the support on offer and any particular teaching strategies and approaches and resources that have been agreed.

Parents will receive a copy of this plan and will be asked to include their own comments on it.

DO:

Class teachers, with the support of the SENDCO / Inclusion Manager will take the responsibility for overseeing the implementation of the plan. This will ensure that the additional support offered is linked closely to the general curriculum offer and maximise the opportunities to reinforce and consolidate key skills within the context of the class.

This will be particularly important when the intervention takes place outside of the classroom. There will be regular liaison and feedback with staff delivering interventions so that any required refinement of the support can be managed promptly.

REVIEW:

The impact of any additional support offered will be reviewed at least termly. All of those involved – learner, their parents or carer, teacher and SENDCO – contribute to this review. Parents/carers will be invited to attend this review meeting along with pupils when this is appropriate.

This review may be included in the general school cycle of parental consultation meetings. However, where the pupils' needs are more complex and they receive support from a range of specialist agencies a separate review meeting will be arranged so that all key parties can contribute and share views on progress and subsequent provision.

At the review the following will be considered:

- Impact of each element of the intervention towards the identified outcomes
- Pupils' response to the support and view of their progress where this is applicable
- Views of parents/carers and specialist agencies
- Next steps with refinement and adjustments to the support offered as required

Where progress has been limited, further analysis and assessments will be made to ensure the provision offered matches the nature and level of needs. If not already involved and with the agreement of parents, the SENDCO / Inclusion Manager will make a referral to a specialist agency.

A full list of external agencies the school uses to support the progress and welfare of pupils with SEND is included in Appendix 3.

Removal from the SEND Register:

Where evidence shows that a pupil has made good progress and achieves the outcomes set, they will no longer require additional SEND support and his/her name will be removed from the register. Parents will be formally notified of this decision. Progress will continue to be monitored regularly as part of the termly tracking for all pupils.

Croydon Locality SEND Support (CLSS):

Croydon Locality SEND Support is a service focused on working with local schools to identify young people who are demonstrating a special need and who require early help to support this need. The hope is that the early intervention will ensure the correct strategies, support and therapies are offered in a timely manner.

Education Health and Care Plans:

The additional needs of most of the pupils with SEND at Coulsdon CofE Primary will be met by interventions and resources from the school budget or CLSS. In a few cases for pupils with the most significant needs it may become apparent that he/she will require a more comprehensive and individualised package of support to help them achieve their outcomes and remove barriers to learning which cannot be funded long term from the school's own resources and budget. Where this is the case the SENDCO / Inclusion Manager, in consultation and agreement with parents and other specialist agencies, will make a request to the Local Authority for an Education Health and Care Plan (EHC plan) assessment. If agreed if a pupil has an EHC plan it will be formally reviewed annually. Any additional support offered will continue to be reviewed and modified termly, taking into account the views and contributions of parent's pupils and external agencies.

Education Health and Care Plans:

An education health and care plan is for children and young people aged up to 25 who need more support to overcome difficulties that is available from funding and resources paid directly to the school.

Each plan gives specific details of any educational needs or health and social care needs which impact on learning achievement and identifies the range and nature of support that must be in place to support progress. The LA provide top up funding to cover the cost of provision that is higher than funds available to the school.

More information about EHC plans, including criteria for requesting an assessment for an EHC plan can be found on the Croydon SEND Local Offer and the Surrey SEND Local Offer:

https://croydon.cloud.servelec-synergy.com/Synergy/Croydon_SEND_Local_Offer/

<https://www.surreycc.gov.uk/children/support-and-advice/local-offer>

Section 5: Meeting the needs of pupils with medical conditions

In compliance with revised statutory guidance, arrangements are in place to ensure that any pupil with a medical condition is able, as far as possible, to participate in all aspects of school life and achieve their academic potential.

These arrangements are set out in an Individual Health Care Plans (IHC).

The IHC plans will detail the type and nature of support that will be available. The plans will be:

- Produced through collaboration with parents/carers, pupil as appropriate, and health professionals.
- Shared with all relevant staff.
- Reviewed at least termly or sooner to reflect changing needs and support.

Where a pupil with a medical condition also has a disability or SEN the IHC plan will be closely linked to educational special provision so that there is a coordinated approach.

Staff who have responsibility to support a pupil with medical needs, including the administration and supervision of medication, will receive appropriate, ongoing training and support so that they are competent and confident about their duties.

Full details on the arrangements to meet the needs of pupils with medical conditions are set out in a separate policy which can be found on the school website.

Section 6: Transition Arrangements – Arrangements to support pupils with SEND moving into the school or moving to a different school.

The school is proactive in seeking to ensure that there is a successful transition between phases of education and this is a key responsibility of the SENDCO.

For pupils joining the school in our Reception class the SENCO/ Inclusion Manager will seek information about the nature and level of needs for pupils identified with SEND and the provision that has already been offered to overcome these barriers.

Where there is a high level of need this may involve visits to pre-school settings and information sharing meetings with the child's family and other key agencies supporting the child. This may involve setting up a detailed 'Transition Plan' which sets out clearly how the move will be managed. This is likely to be the case where the child has a Statement or EHC plan.

For pupils moving to secondary school or to a different school, the SENDCo / Inclusion Manager will make contact with the new school to share relevant information. As above, where the child has significant needs or has a Statement or Education Health and Care Plan, there will be a formal transition meeting when parents, pupils, representatives from the new school and other key professionals discuss and plan support required to ensure there is continuity in the range and level of support offered.

Section 7: Funding and Resources

The school receives additional funding from the Local Authority each year to facilitate the needs of pupils requiring additional SEND support. The value of this funding varies between

each school informed by a set of indicators. The level of funding is not adjusted in year to reflect any changing demand for SEND provision.

The school leadership through consultation with the SENDCo and Governing Body decide on how this funding will be deployed to meet the range and level of need for pupils with SEN across the whole school.

Section 8: Training

Our school is committed to an ongoing programme of training and support to enable teachers and support staff to have the understanding and skills required to differentiate and scaffold learning for the pupils with a range of SEND within everyday teaching.

We also have a team of staff with more specialist skills to support and deliver interventions for pupils with more complex needs. They have access to additional training to update their knowledge and skills and to respond to the needs of individual or groups of pupils with specific needs.

Induction arrangements are in place for new staff and newly qualified teachers so that they are familiar with the schools' approach to supporting pupils with SEND.

The SENDCo/Inclusion Manager attends the termly Croydon briefing sessions and has opportunities to attend other local and national training sessions to keep abreast of local and national policy and initiatives to continue to enhance SEND provision at our school.

Section 9: Roles and Responsibilities

The SENDCO:

The SENDCO and Inclusion Manager have the day-to-day responsibility for the operation of the SEND policy and the provision in school. This includes the line management of teaching assistants who give support to individuals and groups of pupils with SEND. The SENDCO provides training, guidance and support to all staff in relation to meeting the needs of pupils with SEND. The SENDCo/ Inclusion Manager has a key role in developing positive partnerships with parents and other external agencies in order to fully address the needs and support progress for pupils with SEND. The SENDCo / Inclusion Manager will also take a key role in supporting the transition of pupils with SEND to different settings.

The Governing Body

The Code of Practice states that there should be a member of the Governing Body or a subcommittee with specific oversight of the school's arrangements for SEND.

The key duties of the Governing Body are to ensure that the SEND policy is implemented and that it is effective in ensuring that pupils with SEND have the same opportunities to

make good progress and play an active and fulfilling role in the life of the school alongside pupils with no SEND.

The lead governor for SEND at Our School is **Anne Gledhill**.

She meets at least termly with the SENDCO to review and evaluate effectiveness of the schools' SEND provision and contribute to discussions about plans to develop and enhance this provision.

The lead SEND governor will also ensure that updates on the quality and impact of SEND provision are regular items on the Governing Body cycle of meetings.

Other key staff who are actively involved in supporting and coordinating SEN provision and part of our wider inclusion team include:

Designated teacher for Looked After Children: Kirsty Wyatt/Paul Garratty

Lead teacher for effective deployment of pupil premium funding: Paul Garratty

Attendance Officer: Louise Stevenson

Inclusion Manager: Paul Garratty

Section 10: Monitoring and Evaluating SEND Provision

The school undergoes an active process of continual review and analysis of outcomes for all pupils, including pupils with SEND.

In evaluating the quality of the SEND provision, the school will take into account a range of evidence including looking at the level of academic achievement of pupils with SEND in school compared to standards achieved pupils achieved with no SEND as well as comparison with pupils with similar starting points nationally.

We also use other assessment measures which relate specifically to individual needs such as communication skills or personal resilience.

We monitor the impact of additional and targeted interventions and collect the views from parents and pupils on the quality of provision offered.

Section 11: Managing Concerns about SEND Provision

Parents/carers are encouraged to share any concerns they have about the quality and impact of SEND provision for their child at the earliest possible opportunity. In the first instance parents should speak to the class teacher with further discussions with the SENDCo/ Inclusion Manager and other senior leaders as required.

Parents will be encouraged to seek advice and support from the local parent SEND Information Advice Service (SENDIAS) and Mediation services. This is an independent, impartial and confidential service.

The school can also make arrangements for parents to discuss concerns with other key professionals such as the educational psychologist.

If concerns are still unresolved parents will be asked to make a formal complaint and directed to the School Complaints Procedures on the website.

Where the parental complaint is directly related to decisions around an EHC plan assessment of needs or provision this will be managed directly by the Croydon SEN team. Parents will be contacted directly to receive information about the mediation services available.

Section 12: Anti Bullying

We recognise that pupils with SEND are vulnerable to bullying and the impact that bullying can have on emotional health and wellbeing. All pupils with SEND have a named adult to report any incidents of bullying to. Through careful monitoring of bullying incidents and regular review of anti-bullying policies and practices with the school community we ensure our effectiveness in reducing and responding to bullying.

Section 13: Disability Access Arrangements

In compliance with the duties set out in the Equalities Act 2010 the school has an accessibility plan which outlines the actions we will take overtime to increase the accessibility of pupils.

This includes action to:

- Increase participation in the curriculum
- Make improvements in the environment to enable pupils with disabilities to benefit from all school facilities and extracurricular opportunities
- Improve access to a range of information
- Our accessibility plan forms part of our Equalities Policy which is also on the website.

Appendix 1: Compliance with Statutory Duties

This policy meets requirements set out in the Children and families Act 2014. It is written with reference to the following legislation and documents:

- Special educational needs and disability code of practice 0-25 (2014 - last updated 2020)
- Equalities Act 2010
- School Admissions Code of practice
- Supporting pupils at school with medical conditions (June 2014)
- Schools Complaint Toolkit 2014
- The National Curriculum
- Teachers Standards 2012
- Keeping children safe in education (2021)
- Working together to safeguard Children (2018)

https://croydon.cloud.servelec-synergy.com/Synergy/Croydon_SEND_Local_Offer/

Surrey's local offer for SEN:

<https://www.surreycc.gov.uk/children/support-and-advice/local-offer>

Appendix 2: Definition of Special Educational Needs

SEND Code of Practice (2015 updated April 2020)

A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.

A child of compulsory school age has a learning difficulty or disability if he or she has:

- A significantly greater difficulty in learning than the majority of other pupils of the same age or
- A disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools of post 16 institutions

Equality Act 2010

A disability is a physical or mental impairment which has a long term and substantial adverse effect on their ability to carry out normal day to day activities.

This definition includes:

- Sensory impairments such as those affecting sight and hearing
- Long term health issues such as asthma, epilepsy and cancer
