One of the greatest skills we can give our children is the ability to communicate confidently. At Drama Kids, our students learn to do this while making friends and having fun!

Our imaginative curriculum incorporates role play, improvisation, and structured performance. Each one-hour class for young people from ages 5-18 encourages higher self-esteem, better communication skills and more effective social interactions. They grow in enthusiasm and energy, gain ongoing confidence, and learn how to make new friends and have fun.

Our programme provides the opportunity for children to become confident in themselves and develop their social skills and self-awareness by encouraging them to be more confident in communicating with peers and adults, practicing presentation skills and public speaking while developing creativity and lateral thinking.

Our pupils learn to enhance concentration and the ability to listen well, improve use of the English language and increase clarity of speech. We encourage them in developing teamwork and leadership skills, helping to widen friendship groups and gaining enthusiasm, energy, and a positive approach to life!
