3rd Place – Year 6: 96.9%

4th Place – Year 4: 95.36%

5th Place – Year 5: 94.33%

6th Place – Year 2: 93%

7th Place – Year R: 87.33%

Gaming

As part of our Computing and Wellbeing curriculums, we regularly talk to children about keeping safe online and about age restriction of games and apps. Some children have been sharing that they have been playing games with inappropriate certification. Please help us by ensuring that you monitor the games your children are playing and their online profile. Thank you for your support with this.

Reflection

This week in collective worship we thought about how to be wise in the decisions we make. We thought about the difference between being clever and being wise. It can be difficult to decide whether something is just or unjust and we reflected on the qualities we need to make wise decisions

“Learn to do good. Seek justice.”

Isaiah 1:17

Notes from the Head Teacher

Dear Parents,

A big thank you to Mrs Jackson and all the staff who prepared and supported the children for the Young Voices Concert at the O2 on Thursday evening. This has involved lots of commitment from staff, parents and the children. Mrs Jackson said the children were ‘impeccably behaved’ and they all had such fun. She said you could see the joy on each and every one of their faces!

We were offered a free enrichment opportunity this week and welcomed a travelling theatre company into school to showcase a performance of Scrooge for our KS2 pupils. The children (and adults) really enjoyed the experience.

A quick note for your diaries, Mr Garratty will be joining us for coffee and croissants on Friday 27th January. I am hoping there will be other opportunities to meet him before he starts in the summer term too.

Mrs Hudson

Dates for Parents Consultations this term:

Reception Parents: Further to our message on the Chronicle last week, please note that it has been necessary to change one of the dates for the Reception class consultations. These will now take place on Monday 20th and Wednesday 22nd March. Apologies for any inconvenience this may cause.

Curriculum Corner

Year R have enjoyed exploring London and London landmarks this week. They have made maps, learned the names of different key places and printed their own pictures of landmarks using 3D shapes. They have also been really practising their number bonds to 5. I am sure they would love to share these with you!
