

Dear Parents & Carers,

We've made it through the first four days of the spring term. Well done everyone!

The children who have returned to school have settled well and nearly every child at home is engaging in the live teaching and learning sessions and Google Classroom. My teachers and teaching assistants are adapting amazingly well to a new way of working - the planning and training we did last term for such a scenario has truly paid off! I will be meeting with the teachers next week to review our remote learning so far, and to share best practice.

Thank you so much for your positive emails and messages which I have been sharing with the staff. They have given us all such a boost during this challenging week.

Have a lovely restful weekend everyone. I look forward to seeing all of your children again next week, either in their "bubble" or remotely. I feel so proud of them!

Kind regards,

Annie Mitchell
Head Teacher

Reflection:

UNTIE THE KNOTS

*Worry drains our energy and makes us tired.
Untie those knots of anxiety with the settled
assurance that the Holy Spirit is your comforter
and guide*

John 14:26
