Mrs Anne Hudson BA Hons, PGCE Acting Head Teacher

Dear Parents & Carers,

6th January 2022

Our early morning maths sessions last term helped provide a successful start to the new term. Thank you for all your support in ensuring the children were in school on time and ready for their sessions.

This term we would like to change the format to enable the children to get the support they need when they need it. We are proposing to have **some children attending sessions before school and some during school hours**. All children will attend either the before school sessions or the during school sessions.

If your child has been invited to attend two additional early morning maths support sessions before school, you will receive a separate email with a link to complete a Google form. As they will be in our care during this session, I will need your authorisation to allow us to take responsibility for them from this time. The sessions will begin promptly at **08:30**; could we please ask you to ensure your child is at school no later than **08:25** to provide them with enough time to collect the relevant equipment they need for their session. The sessions will be undertaken by Mrs Coombe, Mrs Jackson and myself and it is important that the children arrive on time so that they fully benefit from the learning.

Morning support sessions will begin on **Tuesday 10th January** and will run until **Thursday 23rd March**. They will be held on Tuesday and Thursday mornings, and this will then be reviewed for the following half term.

If you do not receive a separate email containing a link for a Google form for you to complete, your child will be undertaking sessions during the day.

Many thanks for your support,

Mrs J Soltau, and Mrs C Coombe

Year 6 Team
